

ECHO Height Adjustable Table

Model No. **PLTEAB4260SM21BRNF-SILVER**

Echo Electric HAT

Bring ergonomics and function to your home office with our most economical height-adjustable desk. Echo is a no-fuss electric standing desk that brings you comfort and mobility for great value. Constructed with a single motor and 2-stage lifts, this ergonomic home office desk features a span of 28 inches to 47 inches to accommodate a wide range of heights. Easily adjust to your desired height with the up/down button that makes the transition from sit to stand clean and simple. Available in a silver base, Echo can be paired with your choice of laminate finishes that suit your style and space.
